

Enjoy the comfort and benefits of an independent suspension system in your early car or truck. CPP's Mustang II IFS Suspension kit comes with a crossmember, coil springs, big 11-3/4-inch rotors for ultimate braking, performance gas shocks, tubular control arms, power or manual rack-and-pinion, 3/4-inch-diameter sway bar, forged hubs, and Big Bore calipers (20 percent more piston area). Available with stock height or 2-inch lowered spindles in all popular bolt patterns, including: 5x4.5, 5x4.75, 5x5, 5x5.5, or 6x5.5. Available coilover or air-ride upgrades. Kits start at \$1,489, all CPP parts come with a lifetime warranty.
